

Annual membership fees

A key principle of ResponsibleSteel™ is to be a multi-stakeholder not for profit organisation, encouraging membership of all types.

A range of membership fees are applicable depending on the type, size and / or purpose of an organisation. Membership fees are set by the ResponsibleSteel™ Board and reviewed on an ongoing basis. The current fees are set out in the tables below.

For organisations that are commercially active in the steel supply chain, annual membership fees are determined by annual turnover / revenue:

MEMBERSHIP CATEGORIES	LARGE US\$5 billion+	MEDIUM Between US\$100 million and US\$5 billion	SMALL Under US\$100 million
Business Organisations (including iron and steelmakers, raw material suppliers and downstream users)	US\$30,000	US\$10,000	US\$1,000
Civil Society & Social / Environmental Organisations (including NGOs with social or environmental missions, and trade unions)	Free		
Associates* (including governmental organisations, trade associations, standards bodies, conformity assesment bodies and academic)	Free		

*No voting rights
