The financial report covers Steel Stewardship Council Limited as an individual entity. Steel Stewardship Council Limited is a not-for-profit Company, incorporated and domiciled in Australia.

The functional and presentation currency of Steel Stewardship Council Limited is Australian dollars.

The financial report was authorised for issue by the Directors on .

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Reduced Disclosure Requirements and the Corporations Act 2001.

2 Summary of Significant Accounting Policies

(a) Revenue and other income

Revenue is recognised when the amount of the revenue can be recognised reliably, it is probable that economic benefits associated with the transaction will flow to the Company and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue from donations are recognised on receipt. Revenue from membership is recognised upon invoice as it is not enforceable nor are there sufficiently specific performance obligations.

(b) Income Tax

The Company is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

(c) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(d) Financial instruments

Financial instruments are recognised initially on the date that the Company becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.
2 Summary of Significant Accounting Policies

(d) Financial instruments

Financial assets

Classification

On initial recognition, the Company classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through profit or loss or other comprehensive income

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets.

Amortised cost

The Company's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment.

Interest income, foreign exchange gains or losses and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Impairment of financial assets

Trade receivables

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses. The Company has determined the probability of non-payment of the receivable and multiplied this by the amount of the expected loss arising from default.

The amount of the impairment is recorded in a separate allowance account with the loss being recognised in finance expense. Once the receivable is determined to be uncollectable then the gross carrying amount is written off against the associated allowance.

Where the Company renegotiates the terms of trade receivables due from certain customers, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in profit or loss.

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

The financial liabilities of the Company comprise trade payables, bank and other loans and lease liabilities.
Notes to the Financial Statements
For the Year Ended 31 December 2020

2 Summary of Significant Accounting Policies

(e) Cash and cash equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

3 Critical Accounting Estimates and Judgments

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

Key estimate - COVID19

During the 2020 financial year the industry was indirectly impacted by the required shut downs caused by the Covid19 pandemic. The organisation has implemented Covid safe policies in place and developed a Business Continuity Plan. The virus will continue to have an ongoing effect on the organisation, in particular our ability to deliver its in person events strategy however, it is not felt that this has caused a going concern issue and management will continue to review the finances of the organisation.

Key estimate - Foreign exchange

As a part of the foreign currency exchange rate changes have a direct effect on the future cashflows of the entity. As the rates move over time. The entity monitors the movements to ensure the appropriate exchange rate is used.

Independent Audit Report to the members of Steel Stewardship Council Limited

Opinion

I have audited the financial report of Steel Stewardship Council Limited (the Company), which comprises the statement of financial position as at 31 December 2020, the Statement of Profit or Loss and Other Comprehensive Income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In my opinion, the accompanying financial report of the Company is in accordance with the Corporations Act 2001, including:

(i) giving a true and fair view of the Company's financial position as at 31 December 2020 and of its financial performance for the year ended; and

(ii) complying with Australian Accounting Standards - Reduced Disclosure Requirements and the Corporations Regulations 2001.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of my report. I am independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled our other ethical responsibilities in accordance with the Code.

I confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

I believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter

Opening balances

I wish to bring to the members attention that the opening balances were tested based on information provided by PKF as they were the reviewers at the time. We found no material issues with the balances.

Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the
preparation of the financial report that gives a true and fair view and is free from material misstatement, whether
due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company’s ability to continue as
a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of
accounting

unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative
but to do so.

**Auditor’s Responsibilities for the Audit of the Financial Report**

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from
material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes my opinion.
Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance
with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can
arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be
expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement
and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error,
  design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient
  and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement
  resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery,
  intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting
  estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors’ use of the going concern basis of accounting and,
  based on the audit evidence obtained, whether a material uncertainty exists related to events or
  conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we
  conclude that a material uncertainty exists, we are required to draw attention in my auditor’s report to the
  related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My
  conclusions are based on the audit evidence obtained up to the date of my auditor’s report. However,
  future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures,
  and whether the financial report represents the underlying transactions and events in a manner that
  achieves fair presentation.

I communicate with the directors regarding, among other matters, the planned scope and timing of the audit and
significant audit findings, including any significant deficiencies in internal control that we identify during my audit.

I also provide the directors with a statement that we have complied with relevant ethical requirements regarding
independence, and to communicate with them all relationships and other matters that may reasonably be thought
to bear on my independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in
the audit of the financial report of the current period and are therefore the key audit matters. I describe these
matters in my auditor’s

report unless law or regulation precludes public disclosure about the matter or when, in extremely rare
circumstances, we determine that a matter should not be communicated in my report because the adverse
consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
